

LUCIANO SANCHEZ

FULLSTACK WEB DEVELOPER

CAREER OBJECTIVE

I am fascinated by everything related to software development, especially web development. Being aware of the latest technologies and techniques to deliver top-notch products is my goal. I plan to deepen and perform in roles such as front-end, backend, or fullstack. AWS is what I'm presently learning to move into specific positions such as DevOps or Cloud Engineer.

EXPERIENCE

- **Armoniface** (November 2022 - Actual)
Armoniface is an e-learning platform for a team of dentists dedicated to facial harmonization.
Within the platform, subscribers can access courses purchased or acquire more, edit their profile, talk to teachers, and more. Teachers or administrators have access to a backoffice where they can manage users, create and assign courses, publish news, and more.

Stack | • Next.js • Typescript • ChakraUI • MongoDB
- **Lapstore** (August 2022 - October 2022, 3 months)
Lapstore is an e-commerce for a client who wanted to be able to list their products for their customers to choose from a catalog. Users can view the products, add them to the cart, quote and automatically open a chat with a salesperson.
From a backoffice the owner can easily add or update products and users, view revenue and expense statistics.
